## Report on One-Day Online Workshop on "Indian Space Research Organisation (ISRO)"

**Introduction:** On February 27, 2021, Shri Guru Govind Singhji College (B.J.), Malegaon Road, Nanded, hosted a one-day online workshop focusing on the Indian Space Research Organisation (ISRO). The workshop aimed to provide participants with an in-depth understanding of ISRO's contributions to space exploration, its major missions, and the advancements in space technology spearheaded by the organization.

### Details of Workshop:

**Date:** February 27, 2021

**Mode:** Online

**Hosted by:** Shri Guru Govind Singhji College (B.J.), Malegaon Road, Nanded

**Guest Speaker:** Prof. Rupanwad, Late Bhimrao Chavan Arts & Science College, Chavanwadi (Barhali) Mukhed

**Workshop Coordinator:** Prof. Amol Deepakrao Dhule

**Principal:** Dr. Vikas Limbaji Kadam

**Welcome Address:** The workshop began with a welcome address by Dr. Vikas Limbaji Kadam, Principal of Shri Guru Govind Singhji College. Dr. Kadam emphasized the significance of ISRO's achievements in the global space research arena and its role in advancing India's technological capabilities. He extended his appreciation to the guest speaker, Prof. Rupanwad, and all participants for their engagement in the workshop.

**Workshop Session:** The session was led by Prof. Rupanwad from Late Bhimrao Chavan Arts & Science College, Chavanwadi (Barhali) Mukhed. Prof. Rupanwad, a distinguished academic with a focus on space science, delivered an enlightening lecture on various aspects of ISRO's operations and achievements.

Prof. Rupanwad began by introducing ISRO's history, highlighting its establishment in 1969 and its evolution into a global leader in space research. He discussed the vision and mission of

ISRO, emphasizing its goal of advancing space technology and using it for the benefit of society.

The lecture covered key milestones in ISRO's history, including:

- **Aryabhata (1975):** India's first satellite, which marked the country's entry into space exploration.
- **Chandrayaan-1 (2008):** The first Indian mission to the Moon, which played a crucial role in discovering water molecules on the lunar surface.
- **Mangalyaan (2013):** India's Mars Orbiter Mission, which made India the first country to reach Mars orbit on its maiden attempt and significantly advanced interplanetary exploration.

Prof. Rupanwad also provided insights into recent developments such as the Gaganyaan mission, aimed at sending Indian astronauts into space, and the potential future missions of ISRO, including its plans for satellite navigation, Earth observation, and deep space exploration.

The speaker discussed the technological innovations and advancements that ISRO has introduced, such as the development of the Polar Satellite Launch Vehicle (PSLV) and the Geosynchronous Satellite Launch Vehicle (GSLV). He also highlighted the importance of ISRO's international collaborations and its contributions to global space research through satellite launches and scientific experiments.

An interactive Q&A session followed the lecture, where participants posed questions about ISRO's current projects, future plans, and the impact of space research on everyday life. Prof. Rupanwad provided detailed responses, addressing queries related to the practical applications of space technology and the challenges faced by ISRO.

**Summary:** Prof. Amol Deepakrao Dhule, the workshop coordinator, concluded the session by summarizing the key points covered by Prof. Rupanwad. He expressed his gratitude to the guest speaker for sharing valuable knowledge and to the participants for their active
